Cladding Flammability, Sampling and Analysis – CLADDINGTEST LABS

Sampling and Testing of Aluminium Composite Panels (ACP) or cladding materials for flammability, composition, toxicity and flammability potential.

Fastest Timeframes in the Industry: CLADDINGTEST takes as little as 2-5 business days from job initiation to handing over your final report.

In an industry where the usual turnaround is 2 weeks onwards, CladdingTest's fully-equipped in-house laboratory and operational flexibility enable us to shorten our reporting timeframes allowing you to meet your cladding risk assessment deadlines early.
